

## Open Letter to Parents 3/11/10

In order to provide the best experience for both our campers and our staff, we have set a limit of 20 campers per week. Many families plan up to six months in advance for their children's summer camps, and register early, so that some of our sessions may in fact be enrolled at their maximum capacity at any time. Submission of a registration form is NOT a guarantee of admission to any specific camp session; if space is available, your form will be processed and you will receive a confirmation by email from our Camp Administrator within 3 business days.

If the camp session you have requested on your registration form is full, you WILL be contacted, and offered space in an alternative session, pending availability.

We know how plans can change, so we WILL accept a maximum of 5 names on a "waiting list" for each session. As a space becomes available, you will be called to see if you still wish your camper to attend that week, so please make certain that we have an accurate way to reach you during normal business hours (preferably a cell phone number)! You will then have 23 hours in which to respond, before we call the next name on the waiting list!
